Our program is a great accompaniment to other sports as gymnastics is excellent for building strength, coordination, and flexibility while developing body awareness, the foundation of any successful athlete. Lil Peoples Programs

Junior Explorers

Lil People Programs offer a unique and dynamic place for children just starting out. Junior Explorers is a program designed for children ages 2.5 to 4 years old. Junior Explorers is organized into several sessions. During these weeks the children have the opportunity to express their creativity and learn preschool basics such as letter, color, and shape recognition. Through games, arts & crafts, songs and stories we develop physical coordination and encourage social interaction. Our teachers understand children need an opportunity to explore new horizons while learning about the new world around them. Our class schedule provides time for the children to socialize and learn how to play and share together.

Pre-K

Our Pre-K class represents a great balance between playing and learning. This is the perfect way to get your child ready for kindergarten and help you and your child's transition into Kindergarten be much easier. This program is careered to 3.5 to 5 years old. This class is structured to include Language Arts, Math, Writing, Crafts, Music, and movement and much more. Pre-K provides a great mix of academics and recreation! It is also of course a great way for your child to learn the basic classroom routine and rules, as well as begins peer socialization. Along with building confidence and self-esteem, our activities stimulate cognitive, physical and emotional development.
